VIA ELECTRONIC FILING

Matthew L. Homsher, Secretary
Pennsylvania Public Utility Commission
Commonwealth Keystone Building
400 North Street
Harrisburg, PA 17120

RE: Application of Transource Pennsylvania, LLC filed Pursuant to 52 Pa. Code Chapter 57, Subchapter G, for Approval of the Siting and Construction of the 230 kV Transmission Line known as Project 9A West in a Portion of Franklin County, Pennsylvania
Docket No. A-2026-3062686

Dear Secretary Homsher:

We are counsel to Chambersburg Area School District and are submitting, via electronic filing, Chambersburg Area School District's Petition to Intervene and Protest to the above-referenced Application of Transource, Pennsylvania, ("Transource PA" or the "Company") pursuant to 52 Pa. Code §§ 5.71 to 5.76 and §§ 5.51 to 5.53

Sincerely,

SAXTON & STUMP, LLC

Seth A. Mendelsohn
Senior Counsel

**PETITION TO INTERVENE AND PROTEST OF CHAMBERSBURG AREA SCHOOL
DISTRICT TO THE APPLICATION OF TRANSOURCE PENNSYLVANIA, LLC
FILED PURSUANT TO 52 PA. CODE CHAPTER 57, SUBCHAPTER G, FOR
APPROVAL OF THE SITING AND CONSTRUCTION OF THE 230 kV
TRANSMISSION LINE KNOWN AS PROJECT 9A WEST IN A PORTION OF
FRANKLIN COUNTY, PENNSYLVANIA**

Chambersburg Area School District (“School District”), by and through their attorneys, Saxton & Stump, LLC, hereby file this Petition to Intervene and Protest to the above-referenced Application of Transource, Pennsylvania, (“Transource PA” or the “Company”) pursuant to 52 Pa. Code §§ 5.71 to 5.76 and §§ 5.51 to 5.53, and states as follows:

I. INTRODUCTION/INTERVENOR/PROTESTANT

1. School District’s full name and address is:

Chambersburg Area School District
435 Stanley Avenue
Chambersburg, PA 17201
(717) 263-9281

2. The name, address, and telephone number of School District’s attorney is:

Seth A. Mendelsohn (PA #77063)
Saxton & Stump, LLC
4250 Crums Mill Road, Suite 201
Harrisburg, PA 17112
717.941.1202
smendelsohn@saxtonstump.com

3. School District requests that all pleadings, correspondence, and other documents in this matter be directed to their attorneys.

4. On or about May 21, 2026, Transource filed an Application with the PA Public Utility Commission (“PUC” or “Commission”) seeking approval for the siting, construction, and operation of an electric transmission line extension project designed as 9A West Project in a portion of Franklin County, Pennsylvania as more fully captioned above.

5. Chambersburg Area School District is the fee simple owner of the 20.39-acre real property located at 1006 Falling Spring Road, Chambersburg, PA 17202, Franklin County, Pennsylvania, identified as UPI No. 10-0D08.-036C-000000, Deed Reference 1110-0299 (“Property”). It is home to Falling Spring Elementary School, which serves 253 students in kindergarten through fifth grade; the District’s cross-country course, used by the junior high and high school boys’ and girls’ cross-country teams, as well as the Chambersburg Road Runners Club; and the District’s Transportation Facility, which houses transportation staff, buses, and maintenance garage space supporting districtwide transportation operations.

II. GROUNDS FOR INTERVENTION AND STANDING

6. School District has standing to intervene in the Application for the 9A West Project under 52 Pa. Code § 5.72(a)(2) because it possesses a substantial, direct, and immediate interest that may be affected by the outcome of this proceeding and that interest is not adequately represented by any existing participant.

7. The Commission’s decision in this instant action may directly and adversely affect the use of the Property and its students.

8. The proposed transmission line and associated infrastructure of the West 9A Project including the placement of transmission poles on the Property, would physically occupy the

Property, interfere with planned improvements, create safety hazards, may render the Property unsuitable for student activities.

9. Intervention by School District is needed in order to provide the Commission with a complete record regarding the impact of the proposed siting on the Property including on school activities. No other party may provide the Commission with such important information.

10. School District's unique interests as an affected property owners cannot be adequately represented by any other party who represent the general public broad in scope.

11. Transource has presented alternative routes for the Project. At the time of this filing, all traverse across the Property.

12. School District may be bound by the Commission's action in this proceeding if the Application is approved, as such approval would authorize Transource to site and construct transmission infrastructure on to the Property in a manner that would preclude School District's continued usage of the property, and contrary to the public interest.

13. School District's interest is distinct. It is charged with a duty to educate children and to provide educational opportunities to students.

14. The public would be impacted by the taking of School District property.

15. School District's interests to actively participate in this proceeding to evaluate, among other things: a. Whether the proposed route is necessary, proper, or safe under 52 Pa. Code Chapter 57; b Whether reasonable alternative routes would be more appropriate; c. The environmental, safety, aesthetic, and land use impacts of the proposed alignment on School District's Property.

16. School District may be bound by the Commission's action in this proceeding if the Application is approved, as such approval would authorize Applicant to site and construct transmission infrastructure on to the Property in a manner that would preclude the School District's continued usage of the property, and contrary to the public interest.

III. SCHOOL DISTRICT'S GROUNDS FOR PROTEST

17. School District has a direct, immediate, and substantial interest in 9A West Project.

18. School District, as a property owner, has authority to contest the actions of Transource. The proposed transmission line extension route directly traverse through multiple points through School District's property.

19. Approval of the Application by the Commission as submitted may result in the taking, condemnation, or encumbrances of a portion of School District's Property through eminent domain proceedings or forced easement acquisitions per 15 Pa.C.S. §1511 of 66 Pa.C.S. §1104.

20. School District possesses a direct, immediate, and substantial interest in the direct outcome of this proceeding that is not shared by the general public, as the proposed extension of the transmission line will directly impinge upon the private property rights, land use, property valuation, safety of the students, and environmental enjoyments.

RELIEF REQUESTED

WHEREFORE, School District respectfully requests that the Pennsylvania Public Utility Commission:

1. Grant this Petition to Intervene and permit School District to participate fully as a party in this proceeding;
2. Deny the Application as filed by Transource Pennsylvania LLC;

3. In the alternative, require Transource to modify the proposed route for Project 9A West to avoid School District's Property;
4. Conduct a full evidentiary hearing at which School District may present testimony and evidence regarding the impact of the proposed siting on the Property;
5. Require Transource to evaluate and present evidence regarding alternative routes that would avoid the Property;
6. Grant such other and further relief as the Commission deems just and appropriate.

Respectfully submitted,

SAXTON & STUMP, LLC
