All of the Necessary Authority, Approvals and	:
Certificate of Public Convenience to Begin to	: A-2026-3062675
Offer, Render, Furnish and/or Supply Transmission	:
Service in Portions of Franklin County,	:
Pennsylvania Necessary to Operate Transmission	:
Facilities for Project 9A West	:

**PETITION TO INTERVENE
OF THE BOROUGH OF CHAMBERSBURG**

**To: Administrative Law Judge Emily A. Farren
Administrative Law Judge Steven K. Haas**

Pursuant to 52 Pa. Code §§ 5.71 – 5.75, the Pennsylvania Public Utility Commission’s (“Commission”) notice published in the Pennsylvania Bulletin on June 13, 2026, and republished on August 15, 2026. 56 Pa.B. 3593; 56 Pa.B. 5502, as well as Interim Order #1 in the above-captioned matter, the Borough of Chambersburg (“Chambersburg” or the “Borough”), an incorporated borough organized and existing under the laws of the Commonwealth of Pennsylvania hereby petitions to intervene in the above-captioned proceeding. In support thereof, Chambersburg submits as follows:

1. The name and contact information of the Petitioner is as follows:

Chambersburg Borough Council
100 S 2nd St.
Chambersburg, PA 17201

2. The names and contact information for Chambersburg’s counsel for receiving service of all documents in this proceeding are:

Scott T. Wyland
Jonathan E. Dalziel
Salzmann Hughes, P.C.
1801 Market St. Ste. 300

Camp Hill, PA 17011
Phone: (717)234-6700
swyland@salzmannhughes.com
jdalziel@salzmannhughes.com

Chambersburg agrees to accept electronic service to the attorneys listed above to be followed-up with one hard copy of the documents served to the above-listed address.

3. On May 21, 2026, Transource PA filed an Application for a Certificate of Public Convenience (“CPC”) to commence service as an electric transmission-only public utility in Franklin County, Pennsylvania Commonwealth (the “CPC Application”), which is docketed at A-2026-3062675.

4. On May 21, 2026, Transource PA also filed an Application for Approval of the Siting and Construction of the 230 kilovolt (“kV”) Transmission Line known as the “9A West Project” in a Portion of Franklin County, Pennsylvania (the “Siting Application”), which is docketed at A-2026-3062686.

5. On May 21, 2026, Transource PA also filed a Petition of Transource Pennsylvania, LLC for Confirmation of an Exemption from Local Zoning Regulation and for the Construction of Buildings in connection with the Construction of a Proposed Electric Substation in Greene Township, Franklin County, Pennsylvania (the “Zoning Petition”), which is docketed at P-2026-3062687.

6. The CPC Application, Siting Application and Zoning Petition all relate to Transource PA’s proposed 9A West Project, which requires the siting and construction of a new Rice-Ringgold 230 kV Transmission Line that will extend approximately 28.8 miles and connect the existing Ringgold Substation located near Smithsburg, Washington County, Maryland to the new Rice Substation to be located in Franklin County, Pennsylvania.

7. Approximately 24.4 miles of 28.8 total miles for the 9A West Project will be

located in Pennsylvania and approximately 4.4 miles will be located in Maryland.

8. On May 21, contemporaneously with the CPC Application, Siting Application and Zoning Petition, Transource PA filed a Motion to Consolidate Proceedings and For Timely Disposition with the PUC (the “Consolidation Motion”).

9. On August 3, 2026, the ALJs issued Interim Order #1 which in relevant part (a) directed Transource PA to republish notification of the filing of the Siting Application and Zoning Petition; (b) set October 29, 2026 as the new date for the Prehearing Conference; (c) extended the deadline for filing Protests and Petitions to intervene in this proceeding to October 15, 2026; and (d) noted that the Motion for Consolidation would be ruled upon by separate order following the October 29, 2026 Prehearing Conference.

10. A review of Transource Pennsylvania’s Preferred Route for the Project 9A West shows that it runs parallel to and crosses over a portion of the Borough’s 12 kV EGF line. A portion of this line is already underground due to a need to cross over an already existing distribution line.

11. It is believed and therefore averred that a conflict exists between the Borough’s existing utilities and Transource Pennsylvania’s preferred route for Project 9A West.

12. A review of Transource Pennsylvania’s Alternate Route for the Project 9A West shows that it too crosses over a portion of the Borough’s EGF line around mile 17.73 on Route I-81. An underground transmission and distribution crossing is already present at this location.

13. It is believed and therefore averred that a conflict exists between the Borough’s existing utilities and Transource Pennsylvania’s alternate route for Project 9A West.

14. The Commission’s regulations permit intervention where a person has an interest in the proceeding that “may be directly affected and which is not adequately represented by existing participants, and as to which the petitioner may be bound by the action of the Commission

in the proceeding.” 52 Pa. Code § 5.72(a)(2).

15. The regulations also permit participation of the person where it is in the public interest. 52 Pa. Code § 5.72(a)(3). “Person” includes governmental entities, municipalities, or other political subdivisions. 52 Pa. Code § 1.8.

16. Chambersburg, therefore, on behalf of itself and the public, has an interest in ensuring that the proposed siting and construction of the transmission lines are necessary to furnish service to the public and will benefit the Borough of Chambersburg.

17. Chambersburg has a direct and substantial interest in the issues raised in this proceeding and, accordingly, seeks to intervene in this proceeding to protect those interests.

18. Chambersburg’s interests in this matter are unique from and not adequately represented by other parties that may seek to intervene or those that are presently parties to the proceeding.

19. Chambersburg’s intervention is in the public interest as it is uniquely positioned to aid the Commission in determining the significant impact Transource PA’s 9A West Project will have on the resources and citizens of Chambersburg.

20. Chambersburg would be bound by the action of the Commission as a governmental entity established to govern the rights and interests of its residents and property owners.

21. Upon information and belief, the siting of the transmission line proposed as part of the CPC will also substantially and negatively affect a myriad Borough-wide concerns including, but not limited to, land use, degradation of property values, damage to public infrastructure, environmental and ecological concerns, and economic disruption.

22. The proposed line route will cut into a significant portion of productive agricultural land in the Chambersburg area, agricultural land that Chambersburg has endeavored to protect and

preserve.

23. Chambersburg is concerned, upon information and belief, that the CPC Application, if granted, may create an unreasonable risk of danger to the health and safety of the public in the Chambersburg area due to the distribution line conflict described above.

24. Chambersburg believes and submits that approval of the nature of the CPC Application may be harmful to the character of the Borough, the Borough's natural resources, and the rights of citizens working and living within the Borough.

25. Chambersburg submits that Transource's application has not established a need for the proposed line.

26. Chambersburg believes that, at the very least, it will be necessary for the Commission to impose restrictive terms and conditions relative to the line pursuant to the Commission's authority under 57.7 6(a)

27. Chambersburg is continuing to evaluate the issues present in this matter and its position on Transource PA's CPC Application. Chambersburg reserves the right to refine its position upon consideration of the testimony and discovery submitted going forward.

WHEREFORE, the Borough of Chambersburg respectfully requests that the Commission grant its Petition to Intervene in this matter.

Respectfully Submitted,

SALZMANN HUGHES, P.C.
