PETITION TO INTERVENE OF
CITIZENS' ELECTRIC COMPANY OF LEWISBURG, PA

Pursuant to 52 Pa. Code §§ 5.71-5.75, Citizens' Electric Company of Lewisburg, PA ("Citizens'") hereby submits this Petition to Intervene in the above-captioned matter. In support hereof, Citizens' states:

1. On September 14, 2026, PPL Electric Utilities Corporation ("PPL") filed a Petition with the Pennsylvania Public Utility Commission ("PUC" or "Commission") requesting approval of a new non-bypassable Customer Protection Transmission Rider ("CPTR") to recover Network Integration Tranmission Service ("NITS") costs and certain other transmission costs and to

allocate to Rate LP-6 those costs that PPL would not have incurred but for the interconnection of large-load customers.

2. PPL also proposes to consider utilizing the CPTR to assign to Rate LP-6 costs that PJM may impose for the Reliability Backstop Procurement ("RBP") and other programs undertaken to address the predicted influx of large-load customers.

3. Notice of the filing was published in the *Pennsylvania Bulletin* on October 3, 2026, requiring answers and petitions to intervene to be submitted on or before October 23, 2026.

4. Citizens' is a PUC-regulated electric distribution company ("EDC") that provides electric distribution and default services to retail customers in Lewisburg Borough, Buffalo Township, and East Buffalo Township, and in small portions of Kelly and West Buffalo Townships.

5. Citizens' receives service from PPL's transmission system through a single 69 kV substation located in Lewisburg.

6. Citizens' is a PJM Load Serving Entity ("LSE") for its default service customers, and pays the NITS and other PJM charges for the default service load, including Regional Transmission Expansion Plan ("RTEP") and Transmission Enhancement Charges ("TEC").

7. PPL's efforts described in the Petition to directly assign transmission construction costs to Rate LP-6 or to individual large loads may reduce the rates that PJM imposes in PPL's transmission zone for NITS, RTEP and TEC, which will directly impact the costs that Citizens' incurs as an LSE and passes through to its default service customers.

8. Citizens' supports PPL's proactive pursuit of a proposal to address cost allocation for large-load customers, which it indicates is designed to ensure that residential, commercial and

other non-large-load customers are not allocated costs related to data centers, as contemplated under the *Ratepayer Protection Pledge.*[1]

9. The adjudication of PPL's proposals in this proceeding may impact the PJM costs that are assessed to Citizens' as an LSE for its default service load, which is an interest that may be directly affected and is not adequately represented by any other party to this proceeding. *See* 52 Pa. Code § 5.72(a)(2).

10. In addition, to ensure that the Commission's implementation *Ratepayer Protectionin Pledge* considers the interests of the ratepayers in Citizens' territory, Citizens' participation in this proceeding is otherwise in the public interest. *Id.* § 5.72(a)(3).

WHEREFORE, Citizens' Electric Company of Lewisburg, PA respectfully requests that the Commission grant this Petition to Intervene with full-party status in the above-caption matter.

Respectfully submitted,

Pamela C. Polacek
