SCHEDULING ORDER

On September 14, 2026, PPL Electric Utilities Corporation (PPL or Company) filed a Petition at Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290, seeking approval of: (1) the Company's proposed non-bypassable Customer Protection Transmission Rider (CPTR) to recover all Network Integration Transmission Service (NITS) costs and certain other transmission costs and to allocate certain network upgrade costs to Rate LP-6; (2) the elimination of the Transmission Service Charge (TSC); (3) changes to the Generation Supply Charges to include the costs currently recovered under the TSC that will not be recovered through the CPTR, along with the associated net over or undercollection balance; (4) the proposed amendment of PPL's existing Default Service Program and Procurement Plan (DSP VI) to incorporate the programmatic and process changes to implement the non-bypassable

CPTR, elimination of the TSC, and the changes to its Generation Supply Charges; (5) PPL's changes to its Retail Tariff, Electric Pa. P.U.C. No. 202 (Retail Tariff), and its Electric Generation Supplier Coordination Tariff, Electric Pa. P.U.C. No. 2S (Supplier Tariff), to implement the non-bypassable CPTR, eliminate the TSC, and make changes to the Generation Supply Charges; and (6) seeking waivers of any and all Commission regulations needed to implement the proposals.

On October 2, 2026, OCA filed a Formal Complaint against PPL at Docket No. C-2026-3065756, alleging that PPL's existing tariff rates, rules, and regulations are unjust, unreasonable, and/or unduly discriminatory or preferential and existing service is unreliable, unreasonable, inadequate, and/or unduly discriminatory or preferential because it causes existing consumers to inappropriately bear the risks and consequences of: (1) paying for new and higher costs that are caused by the additions of data centers to PPL's service territory and the regional grid operated by PJM Interconnection, L.L.C.; and (2) receiving service that is frequently interrupted or curtailed due to strains placed on electricity transmission infrastructure and generation supply as a result of the fast-paced interconnections of and service to data centers without PPL taking preventative steps to ensure that either there is sufficient new supply to meet

the new data center demand or there is the provision of mandatory interruptible service to data center customers during pre-emergency and emergency conditions, as appropriate.

On October 5, 2026, the Coalition for Affordable Utility Services and Energy Efficiency in Pennsylvania (CAUSE-PA) filed a Petition to Intervene and Answer at Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290 as well as an Anwer and Petition to Intervene at Docket No. C-2026-3065756.

On October 7, 2026, the Regenerative Energy Initiative (REI) filed a Petition to Intervene at Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290.

On October 20, 2026, the Commission issued a Prehearing Conference Notice scheduling a prehearing conference for Docket No. C-2026-3065756 for November 3, 2026. Also on October 20, 2026, the undersigned issued a Prehearing Conference Order, setting forth instructions for participating in the prehearing conference. The Prehearing Conference Order advised parties that, due to the anticipating overlapping of issues and parties, a prehearing

conference for Docket No. C-2026-3065756 was being scheduled contemporaneously with the matter at Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290. The Prehearing Conference Order further advised parties that the proceedings have not yet been formally consolidated, and that issues related to and the potential for consolidation would be discussed at the November 3, 2026 prehearing conference.

On October 21, 2026, OCA filed an Amended Complaint at Docket No. C-2026-3065756. OCA's Amended Complaint argues that PPL's current framework fails to protect existing non-data center ratepayers from escalating reliability risks, network upgrade costs, capacity market price increases, and potential stranded cost risks caused by the rapid interconnection of large data centers. OCA seeks the establishment of a separate customer rate and service classification for computational load entities that enforces mandatory interruptible service during emergencies, imposes "but-for" cost allocation, and safeguards overall grid reliability and affordability.

Also on October 21, 2026, we issued an order granting PPL's Extension Motion, and the PP&L Industrial Customer Alliance (PPLICA) filed an Answer at Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290.

P-2026-3065185 and P-2024-3047290; and Amazon filed a Motion for Admission *Pro Hac Vice* of Brian Greene, Esq. and Simeon Brown, Esq. at Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290.

The prehearing conference convened as scheduled on November 3, 2026. Counsel for the following parties appeared: PPL, OCA, OSBA, I&E, CAUSE-PA, REI, Environmental Intervenors, Amazon, Citizens, RESA, Governor Josh Shapiro, Constellation, PPLICA, KEEA, and DCC. Erika Cook and John Zola appeared *pro se*.

During the conference, various procedural matters were discussed, including the following:

Petitions to Intervene

No party objected to granting the petitions to intervene of CAUSE-PA, REI, Environmental Intervenors, Amazon, Citizens, RESA, Governor Josh Shapiro, Constellation, PPLICA, KEEA, DCC, Erika Cook, or John Zola. Accordingly, the petitions to intervene were granted.

Consolidation/Procedural Schedule

At the prehearing conference, we consolidated the proceeding at Docket Nos. P-2026-3065185, P-2026-3065186, P-2024-3047290 with the proceeding at Docket No. C-2026-3065756. All parties either supported consolidation or did not oppose consolidation. Before granting consolidation, we acknowledged our strong preference to consolidate the proceedings given the overlapping issues and parties. However, we also expressed our concern that we lacked authority to waive the nine-month deadline to decide PPL's Petition under 52 Pa. Code §

54.185(b), including that such deadline was also contained within 66 Pa. C.S. § 2807(e)(3.6).[1] Counsel for PPL opined that PPL has the authority to agree to extend this deadline.[2] Counsel for OCA expressed concern that it may reassess its support for consolidation if PPL's Petition was to be decided with the nine-month deadline as this would lead to a compressed procedural schedule.

After hearing PPL's and OCA's positions, we agreed it would be appropriate to position both PPL's Petition and OCA's Complaint for Commission decision at the July 29, 2027 public meeting. Although this public meeting date is beyond nine months after filing of both PPL's Petition and OCA's Complaint, both PPL and OCA agreed to the Commission issuing a final decision outside of a nine-month deadline. Specifically, PPL requested its Petition be decided at the July 29, 2027 public meeting, and agreed it would not implement its amended default service program as filed if a decision was not issued by the nine-month deadline. OCA requested its Complaint be decided at the July 29, 2027 public meeting, subject to the retroactivity provisions of 66 Pa. C.S. § 1309(b). No other party objected to PPL's and OCA's requests, and we found parties' request for adequate time to develop the record to be reasonable and necessary. We directed PPL and OCA to file letters to the dockets reiterating their

[1] OCA's Formal Complaint in part seeks relief under 66 Pa. C.S. § 1309, which also includes a nine-month period for the Commission to issue a final decision. 66 Pa. C.S. § 1309(b). However, this section provides that a final decision made after this nine-month period that determines or fixes a rate reduction shall be retroactive to the expiration of the nine-month period. *Id.* By contrast, part of our initial concern with setting a deadline for decision of PPL's Petition beyond a nine-month deadline was that neither Commission regulations nor the Public Utility Code provide a specific provision for reconciling a final decision that is issued after nine-months that does not approve the plan as filed. Instead, Commission regulations and the Code similarly state that if a final order is not issued within nine months the plan shall be deemed to be approved and the default service provider may implement the plan as filed. 66 Pa. C.S. § 2807(e)(3.6); 52 Pa. Code § 54.185(b). However, we also cited the Commission's recent decision in the *Petition of FirstEnergy Pennsylvania Electric Company for Approval of Its Default Service Program for the Period from June 1, 2027 to May 31, 2031*, Docket No. P-2026-3060298 (Opinion and Order entered October 26, 2026) (*FE PA DSP Order*), where the Commission contemplated a DSP proceeding necessitating a final decision by the Commission beyond the nine month period. Specifically, the Commission acknowledged that its modification of the settlement could result in the proceeding passing the nine-month period, but encouraged FirstEnergy Pennsylvania Electric Company to "consider acting in good faith to not implement the DSP VII as originally filed in order to permit the Commission time to make a prudent and final determination as expeditiously as possible." *FE PA DSP Order* at 164-165.

[2] Counsel for the Environmental Intervenors cited a letter submitted by PECO Energy Company (PECO) on June 26, 2024, at Docket No. P-2024-3046008, wherein PECO provided notice that it voluntarily agreed to extend the applicable nine-month deadline for approval of default service programs by the Commission under 66 Pa. C.S. § 2807(e)(3.6).

understanding that this proceeding would be positioned to be decided outside of the nine-month timelines.[3]

Accordingly, consolidation was granted, and parties agreed to a procedural schedule reflected in Ordering Paragraph No. 4 below without objection.[4] Included in the procedural schedule, PPL and OCA agreed to four public input sessions: two in-person sessions on two separate days, to be held at 6 p.m. on each day, and one day of virtual public input sessions at 1 p.m. and 6 p.m. to be held by Microsoft Teams. Erika Cook expressed a preference for more public input hearing sessions but agreed that, if two sessions were held in-person, they should both be evening sessions. No other party objected to the four sessions agreed to by PPL and OCA. We agreed with the proposed four public input hearing sessions. The in-person sessions are tentatively scheduled to be held in Lancaster and Wilkes-Barre. The virtual public input sessions will be held by Microsoft Teams. We advised parties that we would schedule the three days of public input hearings on January 6, 7, 12, 13, or 14, 2027, pending confirmation of final details, including receiving Commissioner approval. A Public Input Hearing Notice will be issued once public input hearing details are confirmed.

Discovery Modifications

PPL and OCA proposed discovery modifications in their prehearing memoranda. No party objected to the proposed modifications. The proposed modifications are adopted herein and reflected in the below ordering paragraphs.

[3] PPL and OCA filed their respective letters on November 6, 2026.

[4] As will be ordered below, PPL's associated request to waive the 9-Month Deadline Under 52 Pa. Code § 54.185(b) will be dismissed as moot because we accept PPL's position that it may voluntarily extend the nine-month deadline, which PPL has confirmed by letter filing.

Pro Hac Vice Motions

On October 23, 2026, Amazon filed a Motion for Admission *Pro Hac Vice* of Brian Greene, Esq., and Simeon Brown, Esq., at Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290. With no objections from the parties, the *pro hac vice* motion was granted.

On October 30, 2026, Constellation filed separate motions for admission *pro hac vice* of Ryan A. Doringo, Esq., and Jacob J. Thackston, Esq., at both Docket Nos. P-2026-3065185, P-2026-3065186, and P-2024-3047290 and Docket No. C-2026-3065756. With no objections from the parties, the *pro hac vice* motions are granted.

At the prehearing conference, counsel for DCC advised that they would seek admission *pro hac vice* of additional counsel. On November 6, 2026, DCC filed a Motion for Admission *Pro Hac Vice* of R. Taylor Speer, Esq. and Karen M. Kemerait, Esq. We directed that any responsive pleadings should be filed by November 13, 2026.

Service

No party objected to receiving service through e-mail.

The below ordering paragraphs set forth the directions regarding these procedural matters, as well as further directions to the parties for participation in this proceeding.
