Re: Petition of Pike County Light & Power Company for Approval of Default Service Plan for the Period June 1, 2027 to May 30, 2030, Advanced Metering Infrastructure Surcharge, and Waiver of Commission Regulations / Docket Nos. P-2026-3062915 & P-2026-3062916

Dear Secretary Homsher:

The Office of Small Business Advocate ("OSBA") submits this letter to inform the Commission that it does not oppose the *Joint Petition for Settlement* filed by the parties in the above-captioned proceeding. The OSBA filed a Notice of Intervention in this proceeding on July 7, 2026.

As set forth in the OSBA's July 9, 2026, prehearing memo, the OSBA reviewed several issues presented by Pike's proposed Default Service Plan ("DSP"): Whether Pike's DSP is consistent with sound economics and regulatory policy, and fairly treats small business customer; whether Pike's approach to procuring alternative energy certificates ("AECs") is reasonable; whether Pike's financial hedging program is structured properly and serving to reduce price volatility at reasonable cost; whether Pike's default service rates are appropriately calculated and accurately reconciled; and whether Pike's request to implement a surcharge for deployment of advanced metering technology ("AMI" or "smart meters") is reasonable.

The OSBA also engaged in settlement discussions with the other parties. The OSBA did not identify any aspects of the issues set forth above that were unjust or unreasonable to small business customers.

Therefore, this letter serves as formal notice that the OSBA does not oppose the *Joint Petition for Settlement* filed by the other parties.

Sincerely,

/s/ Steven C. Gray
