

Jessica Macker is a Senior Analyst in the Capital Planning group at UGI Utilities. After several years in public accounting, she started her career at UGI in 2011, in the Internal Audit Department and moved to the Capital Planning Group at UGI Utilities in 2014. The Capital Planning group is charged with the oversight and administration of the main replacement program, pipeline construction contract, the competitive bid process, capital budget, and capital reporting for the organization. She is also a Certified Public Accountant in the state of Pennsylvania.

Jose Figueroa is a Construction and Maintenance Supervisor for the Operations group at UGI, Utilities, overseeing all the capital construction projects in the Lancaster / Lebanon areas. He started his career at UGI in 1990 as a laborer in the construction department for 15 years eventually working his way up to a contractor inspector. He was then promoted to Training Instructor at the UGI Training Center where he worked for another ten, executing the Operator Qualification program requirements under title 49. Starting December of last year as a supervisor, Jose's responsibilities include overseeing, managing and scheduling main replacement projects as well as new business main installations.
